

still local. now mobile.

It's simple to take your finances with you wherever you go. With our mobile banking apps for iPad, iPhone and Android, you have the freedom to:

- Check your balances instantly, whenever you need to know.
- Monitor account activity while you're out and about.
- Transfer funds on the spot.
- Pay bills from your mobile device.

Best of all, advanced security helps to keep your information safe. You simply enter the same username and password you currently use for your Citizens Online Banking account.

Search the Google or Apple app store for the CBTVA Mobile Banking App or download it via the links on our website.

No Smartphone? *No Problem.*

Use CBT's Text Banking to manage your accounts.

- **Optimized for Most Mobile Phones:** Most text message-enabled phones can use Text Message Banking. No need for web access, a large phone screen or keyboard on the phone.
- **Up-to-Date Account Information:** Account information that is as current as Online Banking.
- **Ease of Use:** It's as simple as texting a friend. Users simply send a text message with the appropriate banking command and immediately receive information.
- **Easy Enrollment:** Simply log in to Citizens Online Banking. Visit "My Settings" > "Mobile Banking Center" > Then follow the simple prompts to set up your text banking account and confirm your identity.
- **Robust Security:** Text message banking is secure. Enrollment is completed within your password protected Online Banking account.

CBT Mobile Banking

fast. simple. free.
